Advertising in our Dining Guide and reach an audience that dines out more than six times a month. Your ad will be featured alongside of other fine-dining establishments at a special section rate. Also, you'll receive a listing that lets our readers know your hours of operation, menu, décor, and ambience. And your listing will be put up on our website at no extra charge.

You will benefit from reaching the kind of reader who is always looking for a new spot to dine. Also, since our magazines feature restaurants, include a Connoisseur department, and run features on cooking, you'll know it's a perfect match.
